

The Freedom Encounter

All of us travel the journey of life in various and different ways. But no matter who we are, we all share things in common. We all come from a father and mother, and they their parents, and so on to generations past; we all have our own experiences of emotional wounding, often still bearing the scars that never really healed; we all have a self-perception of who we are for better or worst; and we all travel the length of our days knowing the reality of good and the reality of evil.

The Freedom Encounter addresses this complex labyrinth of life. It aims to give clarity and intentionality in living our lives in the freedom of Our Father's Plan for each of us. We call it "understanding the anatomy of inner healing". This manual was birthed over 20 years ago when my wife, Shirley, began a search for the different modalities of inner healing through reading, attending many training sessions, and she, along with her husband, Steve, began testing the efficacy of these modalities through countless individual ministry sessions with people. Along with that came Freedom Encounter Seminars which began as a teaching in our home church, Jubilee, Camarillo, CA but eventually spread to Peru, China, Hong Kong, and Thailand. Because of these international Seminars the Manual has been translated into Spanish, Chinese, Thai, and Nepali. In addition, a Team of dedicated individuals have been trained in the ministry to conduct ministry to others in need of inner healing.

We are grateful for and acknowledge the many individuals and ministries who pioneered inner healing before us: John and Paula Sandford, Ellel Ministries, Dr. Henry Wright (A More Excellent Way), Dr. Ed Smith (Theophostics), Chester and Betsy Kylstra (Restoring the Foundations Ministry), Jack Frost (Shiloh Place Ministry), Dr. Paul Cox (Aslan's Place), Dennis and Dr. Jennifer Clark (Full Stature Ministries).

We give special thanks to Pastor Steve Dittmar, Jubilee Church, Camarillo who since 2000 has blessed and encouraged us in developing Restoration Ministries; and for Pastors Guillermo and Graciela Romero who prayed and whole heartedly supported us in the early years, and paved the way and accompanied us in 2004 to take the Freedom Encounter to churches in Peru.

Above all, we thank Our Father God who has graciously covered us and kept us throughout the years of restoring lives of His Precious People.

Our desire is to share the insights and truths of inner healing. To that end, we dedicate this work to all who have been called by Our Father God to heal the broken hearted and to set the captives free!
